

## 1. Identification of the substance/preparation and of the company

### Product details

**Trade Name:** Ponceau S solution

**Product Name:** Ponceau S solution

**Catalogue-No.:** M3350

### Manufacturer /Supplier:

Genaxxon bioscience GmbH, Söflinger Str. 100, 89077 Ulm/Germany.  
Tel.: +49 (0)731 3608 123

### Further information available from:

Genaxxon bioscience GmbH, Söflinger Str. 100, 89077 Ulm/Germany.  
Tel.: +49 (0)731 3608 123

### Information in case of emergency:

Poison Information Centre Mainz, Germany  
Tel.: +49 (0)6131 19240 / 24 h

**MSDS-No:** ponceau/1

**NOTE:** If this product is a kit or supplied with more than one material, please refer to the MSDS for each component for hazard information.

### Product Use:

This products are for laboratory research use only and are not intended for human or animal diagnostics, therapeutics or other clinical uses.

## 2. Composition/information on ingredients

### Chemical characterisation

**Description:** Solution of different components for staining proteins on membranes

Product Name	Hazardous symbol	CAS #	EC no	Annex I / Index Number
Water		7732-18-5	231-791-2	none
Acetic Acid	C	64-19-7	205-788-1	607-002-00-6

## 3. Hazardous identification

**Hazard description:** Irritating to eyes, respiratory system and skin.

### Information concerning particular hazards for human and environment:

Not applicable.

**Classification system:** Inflammable, Causes heavy chemical burns.

## 4. First-aid measures

**After inhalation:** If inhaled, remove to fresh air. If not breathing give artificial respiration. If breathing is difficult, give oxygen.

**After contact with skin:** Rinse immediately with plenty of water and seek medical advice. Remove contaminated clothing and shoes.

**After contact with eyes:** Rinse immediately with plenty of water and seek medical advice. Assure adequate flushing by separating eyelids with fingers.

**After swallowing:** If swallowed, wash out mouth with plenty of water provided person is conscious. Call for doctor immediately.

#### 5. Fire-fighting measures

**Suitable extinguishing agents:** Water Spray. Carbon Dioxide. Dry chemical powder or appropriate foam.

**Special risks:** Specific Hazard(s): Not inflammable. Fumes heavier than air. Emits toxic fumes (acetic acid) under fire conditions.

**Protective equipment (For firefighters):** Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.

#### 6. Accidental release measures

**Personal precaution procedures to be followed in case of leak or spill:** Don't breath fume/aerosole. Avoid direct contact. Ventilate area and wash spill site after material pick-up is complete.

**Person related safety precautions:** Wear respirator, chemical safety goggles, rubber boots, and heavy rubber gloves.

**Measures for environmental protection:** Avoid release to sewage system or environment.

**Measures for cleaning/collecting:** Absorb on sand or vermiculate and place in closed containers for waste disposal.

**Additional information:** Neutralise with diluted alkaline solution.

#### 7. Handling and storage

##### Handling

**Information for safe handling:** No special measures required.

**Information about fire – and explosion protection:** No special measures required.

##### Storage:

**Requirements to be met by storerooms and receptacles:** Keep bottles well closed.

**Information about storage in one common storage facility:** Keep bottles well closed.

**Further information about storage conditions:** Keep tightly closed. Store at RT.

**Special requirements:** No special measures required.

#### 8. Exposure controls/personal protection

**Additional information about design of technical facilities:** No further data; see item 7.

**Limit values for industrial safety:** MAC Acetic Acid: 10 ml/m<sup>3</sup>, respective 25 mg/m<sup>3</sup>

**Engineering controls:** Safety shower and eye bath.

**Personal protective equipment:** Respirator, chemical safety goggles, heavy rubber gloves.

**General protective and hygienic measures:** The usual precautionary measures are to be adhered to when handling chemicals.

**Respiratory protection:** Use respirator.

**Protection of hands:** Heavy rubber gloves.

**Materials of gloves:** The selection of suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer.

**Penetration times of gloves:** The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

**Eye protection:** Tightly sealed goggles.

## 9. Physical and chemical properties

### General Information

<b>Form:</b>	Liquid
<b>Colour:</b>	Colourless
<b>Odour:</b>	penetration smell

### Change in conditions

<b>Melting point/Melting range:</b>	No data available
<b>Boiling point/Boiling range:</b>	No data available

<b>Flash point:</b>	Not applicable
<b>Self-ignition:</b>	data not available
<b>Danger of explosion:</b>	data not available
<b>Density at 20°C:</b>	1.01 g/cm <sup>3</sup>
<b>Solubility in / Miscibility with water:</b>	soluble
<b>pH value at 20°C:</b>	ca. 2.5
<b>Log P(o/w):</b>	-0.17 (water free substance)

## 10. Stability and reactivity

**Thermal composition / conditions to be avoided:** Avoid strong heating.

**Materials to avoid:** Anhydrides, water, aldehydes, oxidating substances (e.g. Chrom(VI)-oxide (CrO<sub>3</sub>), potassium permanganate, perchloric acid, etc.), metals, alkali hydroxides, non-metal halogenides, ethanolamine.

**Dangerous decomposition products:** Carbon monoxide, Carbon dioxide, Nitrogen oxides.

**Hazardous Polymerisation:** Will not occur.

Additional Information: Non-compatible with different metals. Potentially explosive as fume/gas together with air.

## 11. Toxicological information

### Acute Toxicity

LD50 (oral – Rat):	3310 mg/kg (water free substance)
LD50 (derma. Rabbit):	1060 mg/kg (water free substance)

**Sensitisation:** No data available.

**Signs and Symptoms of Exposure:** No data available.

### Additional Toxicological Information

#### Strong caustic substance.

<b>After inhalation of fumes:</b>	Irritation of mucous membranes and upper respiratory tract.
<b>After skin contact:</b>	Irritation of skin
<b>After contact with eyes:</b>	Irritation of eyes
<b>After swallowing:</b>	Irritation of oesophagus

The product should be treated with usual precautions while handling chemicals.

# Material Safety Data Sheet

## According to 91/155EC

Ponceau-S solution

Printing Date: 18.06.2009

Reviewed on: 18.06.2009

### 12. Ecological Information

#### Biological Degradation

Biological Degradability: good (>70%). Good to eliminate.

BOD<sub>5</sub>: 0.88 g/g (waterfree substance); BOD 36% from TOD /5 d (waterfree substance)

Behaviour in environmental compartments:

Distribution: log P(o/w): -0.17 (waterfree substance). Bioaccumulation is not expected.

#### Ecotoxicological effects:

Biological effects: Toxic for water organisms. Harmful due to pH-shift.

Caustic also if diluted

Water organisms LC<sub>50</sub>: 10 – 100 mg/l /96 h (waterfree substance)

Toxicity on fish: *Leuciscus idus* LC<sub>50</sub>: 410 mg/L (waterfree substance)

Arthropods: *Daphnia magna* LC<sub>50</sub>: 47 mg/L /24h (waterfree substance)

Toxicity on bacteria: *Pseudomonas putida* EC<sub>5</sub>: 2850 mg/L (waterfree substance)

Toxicity on algae: *Scenedesmus quadricauda* EC<sub>5</sub>: 4000 mg/L (waterfree substance)

Protozoa: *Entosiphon sulcatum* EC<sub>5</sub>: 78 mg/L (waterfree substance)

#### General notes:

If handled accordingly no ecological problems are expected.

### 13. Disposal considerations

#### Product:

**Recommendation:** Must not be disposed together with household garbage. Contact a licensed professional waste disposal service to dispose of this material. Observe all federal, state, and local environmental regulations.

#### Uncleaned packaging:

**Recommendation:** Disposal must be made according to official regulations.

**Recommended cleaning agents:** Water, if necessary together with cleansing agents.

### 14. Transport information

#### Land transport ADR/RID (cross border)

**ADR/RID class:** Non-hazardous for road transport.

#### Maritime transport IMDG:

**IMDG Class:** Non-hazardous for sea transport.

**Marine pollutant:** No

#### Air transport ICAO-TI and IATA-DGR:

**ICAO/IATA Class:** Non-hazardous for air transport.

### 15. Regulatory information

#### Labelling according to EU guidelines:

Indication of danger: Xi

R-Phrases: 36/37/38

Irritating to eyes, respiratory system and skin

S-Phrases: 26-36

Avoid contact with skin. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. If swallowed, do not induce vomiting: seek medical advice immediately and show label.

**National Regulations:** Germany

**Waterhazard class:** Water hazard class 1 ( Self-assessment): slightly hazardous for water.
